

Donostia 18th February 2008

To whom it may concern:

With the present letter I state that Amilcare Iacomino was hosted in his group of research - Nano-bio spectroscopy group at Departamento de Física de Materiales, Facultad de Químicas, Universidad del País Vasco - from 20/01/09 to 21/02/09 to work on a collaboration focused on the study of photovoltaics solar cells. The work has gone smooth and I expect very interesting results to come up in the near future. We look forward to the success of the PhD work of Amilcare and look forward to host him again in our group.

Sincerely,

Ángel Rubio
Full Professor of Theoretical Condensed Matter Physics
and Vice-president for Scientific Development
European Theoretical Spectroscopy Facility (ETSF),
Dpto. Física de Materiales, Universidad del País Vasco UPV/EHU,
and Centro de Física de Materiales Centro Mixto CSIC-UPV/EHU
20018 San Sebastián/Donostia. SPAIN
